

AN OPEN LETTER To MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO
THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND
"PITCHER'S CASTORIA," AS OUR TRADE MARK.

I, DR. SAMUEL PITCHER, of Hyannis, Massachusetts,
was the originator of "CASTORIA," the same that
has borne and does now bear *Chas. H. Fletcher* on every
the fac-simile signature of *Chas. H. Fletcher* wrapper.
This is the original "CASTORIA" which has been used in
the homes of the Mothers of America for over thirty years.

LOOK CAREFULLY at the wrapper and see that it is
the kind you have always bought *Chas. H. Fletcher* on the
and has the signature of *Chas. H. Fletcher* wrap-
per. No one has authority from me to use my name except
The Centaur Company, of which Chas. H. Fletcher is President.
March 24, 1898.

Do Not Be Deceived.

Do not endanger the life of your child by accepting
a cheap substitute which some druggist may offer you
(because he makes a few more pennies on it), the in-
gredients of which *even he* does not know.

"The Kind You Have Always Bought"
BEARS THE SIGNATURE OF

Chas. H. Fletcher

BARTLEY.

Geo. Chadd and Murray Corbin
were visitors to the county fair,
Wednesday.

Will Latham of Cambridge was
doing business in our burg, the
last of the week.

Miss Gertie Ransom departed
for Cambridge, Sunday morning,
to make a week's visit with friends.

Miss Daisy Stoddard of Repub-
lican will give an elocutionary en-
tertainment at the hall, September
21st.

Jake Stenner and wife returned
from the exposition, Monday even-
ing, having had a pleasant time
considering the rain.

Miss Maud Vickrey departed
for Lincoln, Wednesday morning,
where she will again enter upon
another year of school work, at the
Wesleyan.

Ed Curlee, having almost finish-
ed the addition to his father's store,
will be prepared to furnish all the
qualities of juicy steak about next
Friday.

Miss Anna Richardson arrived
from Peru, Saturday morning, go-
ing to Stockville the same day.
She will teach in the public school
at that place.

Don't dream of buying a range
for \$48 from the stove peddlers
when you can get a BETTER ONE
for \$25 from S. M. Cochran &

merchants.

Mr. A. S. Mathews of Longmont,
Colorado, arrived Tuesday night,
on his return from the exposition,
and will visit with Mr. and Mrs.
Enlow for some time. Mrs. En-
low being his granddaughter.

The Bartley Cornet band re-
turned from Oberlin, Monday,
each member being enveloped in
a piece of oil-cloth and wearing in
addition to their regular uniform
a sore lip and a sweater. But the
boys are similar to the proverbial
bug.

Miss Nona Case of the McCook
schools accidentally spent Satur-
day in our village. She intended
to spend Saturday and Sunday
with relatives in Stockville, but
unfortunately missed the stage,
and was obliged to return to Mc-
Cook, Saturday evening.

No. 1 tore up the paper sack.
Tuesday morning, scattering its
contents all along the track. Among
the numerous publications
destroyed were several thousand
of Wm. V. Allen's speeches and
two bushels of "The Success of a
Failure," written by J. H. Lincoln
of Stockville, which was just being
returned from the shops at Omaha.

NORTH COLEMAN.

Thrashing is not all done yet.
M. L. Brown's field of alfalfa
looks well.

Charles Bixler has about 900
bushels of wheat.

One of the Frees children was
run over by a wagon, close of last
week, and somewhat injured.

Fred Brown is teaching in the
Parson district and Louis Brown
is teaching in the Dueland district.

We regret to state that we were
misinformed as to the marriage of
Miss Emma Ward. She is still
single.

I. B. Stryker repaired the school
house in district 74, and Della
Carothers commenced teaching in
the building, last Monday.

Don't dream of buying a range

when you can get a BETTER ONE
for \$25 from S. M. Cochran &
Co. of McCook, the reliable home

One farmer over in Frontier
county farmed 180 acres of corn,
this year. He used the new style
drag as a cultivator, which takes
two rows of corn at a time. He
was quite successful, too.

Four threshing machine outfits
have been operating in this vicini-
ty, and still there is considerable
wheat to thresh. W. S. Bixler
had to stop threshing, Saturday,
on account of the cold weather and
hail.

The average yield of grain will
not exceed 12 or 15 bushels per
acre, but there are some exception-
al yields: W. S. Bixler's fall wheat
went 21 bushels per acre, and J.
W. Corner's wheat yielded 24
bushels per acre.

Don't dream of buying a range
for \$48 from the stove peddlers
when you can get a BETTER ONE
for \$25 from S. M. Cochran &
Co. of McCook, the reliable home
merchants.

LOOK OUT FOR THE PEDDLER

And Remember What He Tells You.

He may say that he will give you three
or five years to pay for a range. If he
does, don't you believe him; he won't do
it.

He may say that the paper you sign is
only a receipt to show where the range
is. Don't believe him. It is a note, and
if you sign it you must pay it.

He may tell you that his company only
wants 6 per cent interest, and that they
will extend the time as long as is wanted.
If he does, don't believe him. Thou-
sands have been told the same story, and
their notes had to be paid when due, or
a law suit.

He may say that he will board out \$10
or \$20 with you. If he does, don't be-
lieve him. It is seldom, if ever, done.

He may promise to take your old stove
in part payment, and that another man
will come for it. If he does, don't be-
lieve him. It is never done.

He may say that his reservoir is better
than the MAJESTIC'S, which is not true,
for the reason that it is connected by
pipe and a large lock nut, which, when
once rusted, cannot be removed without
cutting it out. It steams and it pounds,
drips water on the floor, is uncomfort-
able in the kitchen, and rusts the water,
unfitting it for use. The MAJESTIC mov-
able reservoir don't fill with lime or
mud, don't freeze or burst, don't rust
the water, makes no noise, don't drip on
the floor, and will last forever.

He may say that his range is made of
malleable iron, and the MAJESTIC of
cast iron. If he does, tell him it is not
true; that it has more malleable parts
than his range, and such parts are heav-
ier and better.

He may say that his range has a heav-
ier fire box. If he does, don't believe
him. The fire box in the MAJESTIC is
double the weight of that in his range.

He may say that the steel parts in his
range are heavier than in the MAJESTIC.
If he does, say to him that you know
better, and that you have it from author-
ity better than he gives.

He may say that his range is better
than the MAJESTIC. If he does, don't
believe him. It is not true. The MA-
JESTIC is heavier and better constructed,
is made of better material, lasts longer,
is more easily managed and consumes
one-half less fuel. He may plead as a
saint, but he won't tell you who follows
for the money, and that it must be paid
when the collector comes.

He may say that his company owns a
mortgage on competitors. If he does,
don't believe him. The only mortgages
possibly owned are the ones on their
customers.

He may say that repairs for the MA-
JESTIC RANGES cannot be had from
dealers who sell them. If he does, it
is false, as the dealer can be found at all
times, and is responsible to you. Ask
Mr. Peddler where he can be found after
he leaves you.

He may tell you that, if his range is
not satisfactory after thirty days' use,
the inspector will come and get it, giv-
ing back your note. If he does, don't
believe him. The inspector don't come;
it is the collector, and, if you are re-
sponsible, he never leaves without the
money, a mortgage, or a law suit.

He may say that his range is riveted
and the MAJESTIC is bolted. If he does,
he is a negotiator of falsehood. In the
construction of the MAJESTIC it is solid-
ly riveted, the only bolts used being
for brackets and shelf.

He may say that he will take corn,
wheat or stock at a high price for the
range. If he does see that it is so stated
on the face of the note, the time to be
delivered, at what place, and that the
terms are written with pen and ink
plainly. If this is not done, don't sign
his note. If you do, you will pay it in
cash, as his verbal agreement is of no
value in such matters.

He may say that his company is very
wealthy. If he does, you might ask him
if this money was made on the plan as
now carried on wherever possible, re-
gardless of the dealers and without pay-
ing taxes.

Be Careful

No woman can be too careful of
her condition during the period be-
fore her little ones are born. Neglect
or improper treatment then endan-
gers her life and that of the child. It
lies with her whether she shall suffer
unnecessarily, or whether the ordeal
shall be made comparatively easy.
She had better do nothing than do
something wrong.

MOTHER'S FRIEND

is the one and the only preparation
that is safe to use. It is a liniment
that penetrates from the outside.
External applications are eternally
right. Internal medicines are radi-
cally wrong. They are more than
hamburgs—they endanger life.

Mother's Friend helps the muscles
to relax and expand naturally—re-
lieves morning sickness—removes
the cause of nervousness and head-
ache—prevents hard and rising
breasts—shortens labor and lessens
the pains—and helps the patient to
rapid recovery.

From a letter by a Shreveport, La.,
woman: "I have been using your
wonderful remedy, Mother's Friend,
for the last two months, and find it
just as recommended."

Druggists sell it at \$1 per bottle.
